Garments are usually dispatched to a home/work address within 5 working days. Delivery to a home/work address is £4.50, unless over £65, which would be free of charge. Alternatively, items can be delivered into school free of charge, delivery is every 2nd and 4th week of every month.

Apple Pay and Google Pay are available at checkout to make it even easier, parents can now order for multiple schools in a single transaction, saving both time and money.

All logo items are available, plus a selection of basic school items if you wish to purchase those too.

The new parent online platform now includes Klarna, giving parents/carers the option to spread payments over three months.
